

# — STREETCAR — BINGO!

Keep your eyes peeled for these things as you ride  
The Hop. If you spot one of them, circle it.  
Circle five things in a row, and you've got BINGO!

## FREE CUPCAKE!

Ask your hopoperator for a Hop sticker and  
place it here, then bring your completed  
BINGO card in for a FREE cupcake!

## HOPPING WITH THE KIDS

Exploring Milwaukee on The Hop with your kids is fun, easy and FREE!  
Here are few tips to make riding the rails fun and safe for everyone:

### GOT THE APP?

Get real-time arrival information sent to your phone. Details at [thehopmke.com/real-time](http://thehopmke.com/real-time).

### HELPFUL TIPS

- > If you're hoping for a lighter crowd, travel during the week or in the morning. The cars tend to be much more crowded on weekends and in the evening.
- > Try parking near Burns Commons. There's plenty of free street parking in the area.

### SAY "HI" TO OUR HOPERATORS!

When the streetcar reaches either end of the line (Intermodal Station or Burns Commons), there's a little break while the operator switches ends to start driving in the other direction. The operators are always up for a high-five or quick photo as they're walking through the vehicle, and if it's not too busy, will sometimes let little ones get a peek inside the cab.

### RULES

- > Bottles, sippy cups or covered drinks with a straw are fine, but please leave cups without lids at home.
- > Leave the snacks in your bag – eating is not allowed on board the streetcar.
- > If you use an electronic device that makes noise, please use headphones.

### STROLLERS

All Hop stations feature level boarding, so you can just roll right on. No need to fold up strollers on board—just make sure to set the break before the streetcar starts moving. Please don't block the aisle or doors so other passengers can easily get on and off.
